

Preparing for the Cost of a Hospital Stay Can Help You Feel Better

Medical insurance is important. Especially when you have a hospital stay — planned or unplanned. But it can leave you with a lot of bills and out-of-pocket costs.

This coverage from Standard Insurance Company (The Standard) can help protect your finances and your peace of mind.

Here's how Hospital Indemnity insurance works:

1 You're admitted to the hospital.

Your health insurance covers many costs of your stay and treatment. But you still have a lot of expenses, including deductibles, copays and other costs you couldn't predict.

2 We send you a check.

The Standard will send a check directly to you — not to your medical providers — upon approval of your claim. You decide how you spend the money.

3 You focus on recovering.

With The Standard helping you handle the costs of your hospital stay, you get to concentrate on what matters most — your health.

Key benefits:

- **Pays you directly** — so you can decide what to spend the cash on
- **Covers hospitalization** due to pregnancy, injury and illness — including COVID-19 or a mental health condition
