

Critical Illness Insurance

Plan for the Costs of Being Sick So You Can Focus on Getting Well

Medical insurance is important. But it doesn't pay for out-of-pocket and daily expenses when you're seriously ill and can't work.

That's why there's Critical Illness¹ insurance from Standard Insurance Company (The Standard).

Here's how Critical Illness insurance works:

1 You get a critical illness diagnosis

Your health insurance covers many of your treatment costs, but you still have a lot of expenses that your finances aren't ready for.

2 The Standard is there for you

The Standard helps shield your finances by paying benefits directly to you. And you get to decide how you spend that money.

3 Focus on getting better

With The Standard helping to cover your out-of-pocket or everyday expenses, you get to concentrate on what's most important to you, getting better.

Key benefits:

- **A lump sum payment** — that you decide how to spend
- **Covers a variety of illnesses**, including cancer, heart attack, and stroke
- **Coverage for your child**, including 21 childhood diseases
