

Retiree Dental Options

Evonik Corporation Post-retirement Dental Plan provides comprehensive dental care coverage for eligible ***Oil Additives retirees who were hired prior to January 1, 2017*** and their eligible dependents. These plan options are available to Pre 65 Non-Medicare retirees only.

The following Dental Plan options are available to retirees:

- AETNA DPO**
- DELTA DENTAL**

These options give you the flexibility to choose an in-network or out-of-network dentist each time you need dental services. In-network dentists agree to provide services to Dental Plan participants at a reduced fee (negotiated charge).

In-network benefits are paid based on the negotiated charge with the carrier. Out-of-network benefits are paid based on the “usual and reasonable” amount, as determined by the carrier. You are responsible for any costs over the usual and reasonable amount. When you obtain care from an in-network dentist, your out-of-pocket expenses will be lower than when you use an out-of-network dentist. Check each carrier’s network to determine whether your preferred dentist is in-network.

Finding Applicable Network of Providers and Facilities

In some cases, the dental vendors’ network names differ from Evonik’s dental plan names. This table will assist you in finding in-network providers and facilities for the dental plans that you will enroll in.
