

Dear UHC HRA Retiree Participant,

**This letter contains important information regarding your HRA deadlines for 2022 Claims.**

The U.S. Department of Labor (DOL) and Internal Revenue Service (IRS) extended timely filing for Health Reimbursement Accounts (HRA) until 60 days past the declared end of President Biden's COVID-19 National Emergency Period (NE) of May 11, 2023, plus an additional 90 days of runout, for a total of 150 additional days to submit 2022 claims. Due to this amendment, you now have until October 8, 2023, to submit 2022 claims for processing.

- If you do not have any 2022 claims that need to be submitted, no action is needed on your end.
- If you have 2022 claims and still have 2022 HRA, you will have until October 8, 2023, to submit a claim for a date of service in 2022. If you have an amount eligible for carryover as of October 8, 2023, those funds will be carried over at the end of October.
- If you changed medical carriers or waived medical coverage at open enrollment, your HRA carryover balance from 2022 will be transferred to your current vendor after the extended deadline of October 8, 2023 and will be available for use thereafter. Please allow 10-15 business days for the transfer of funds to be completed.
