These plans provide limited benefits. They pay fixed dollar benefits for covered services without regard to the health care provider's actual charges. These benefit payments are not intended to cover the full cost of medical care. You are responsible for making sure the provider's bills get paid. These benefits are paid in addition to any other health coverage you may have.

In order for benefits to be payable, the date of diagnosis must occur while coverage for the insured person is in force; you must be diagnosed while your coverage is in effect.
