Introducing added protection for life's unexpected moments.

If you're like most people, you don't budget for accidents. But at some point, you may make an unexpected trip to your local emergency room. And that could add a set of unexpected bills into the mix—even if you already have a major medical plan.

That's the benefit of the Aflac group Accident plan.

PRE-EXISTING CONDITION LIMITATION

We will not pay benefits for a loss that is caused by, that is contributed to, or that results from a pre-existing condition for 12 months after the effective date of coverage.

Pre-Existing Condition means within the 12-months period prior to the effective date of a certificate and attached riders, as applicable: (1) those conditions for which medical advice or treatment was received or recommended, or (2) the existence of symptoms that would cause an ordinarily prudent person to seek diagnosis, care, or treatment.

A claim for benefits for loss starting after 12-months from the effective date of a certificate and attached riders will not be reduced or denied on the grounds that it is caused by a pre-existing condition.

A certificate may have been issued as a replacement for a certificate previously issued under the plan. If so, then the pre-existing condition limitation provision of the certificate applies only to any increase in benefits over the prior certificate. Any remaining period of the pre-existing condition limitation of the prior certificate will continue to apply to the prior level of benefits.

Treatment means consultation, care, or services provided by a physician, including diagnostic measures, and taking prescribed drugs and medicines.

You and **Your** refer to an employee as defined in the plan.

Spouse means the person married to you on the effective date of coverage. Spouse coverage may only be issued to your spouse if your spouse is between ages 18 and 64, inclusive. Coverage on your spouse terminates when your spouse attains age 70.

Dependent Children means your natural children, stepchildren, foster children, legally adopted children, or children placed for adoption, who are under age 26.

Your natural children born after the effective date of coverage will be covered from the moment of live birth. No notice or additional premium is required.

Coverage on dependent children will terminate on the child's 26th birthday. However, if any child is incapable of self-sustaining employment due to mental retardation or physical handicap and is dependent on his or her parent(s) for support, the above age 26 limitation shall not apply. Proof of such incapacity and dependency must be furnished to the company within 31 days following such child's 26th birthday.

TERMINATION

Your insurance may terminate when the plan is terminated; the 31st day after the premium due date if the premium has not been paid; or the date you no longer belong to an eligible class. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was in force. See certificate for details.

YOU MAY CONTINUE YOUR COVERAGE

Your coverage may be continued with certain stipulations. See certificate for details.

EFFECTIVE DATE

The **Effective Date** for coverage is as follows: (1) Your insurance will be effective on the date shown on the certificate schedule, provided you are then actively at work. (2) If you are not actively at work on the date coverage would otherwise become effective, the effective date your coverage will be the date on which you are first thereafter actively at work.
