## The “All-Risk” Musical Instrument & Equipment Insurance Plan

Designed specifically for members of the

UNITY • HARMONY • ARTISTRY

Why do you need this plan?

As a professional musician, your instruments and equipment are your livelihood. Just think of the amount of money it would take to replace that equipment.

If they are part of your business, homeowner’s and renter’s insurance will not protect you. Also, homeowner’s and renter’s insurance is usually not all-inclusive. If your equipment is lost, stolen or damaged on location, your homeowner’s insurance probably will not help you.

With the “All-Risk” Musical Instrument and Equipment Insurance Plan, your instruments and music-related equipment are protected wherever you go ... up to the full replacement cost. Your instruments and equipment are protected from vandalism, breakage, water, fire, lightning, and theft ... no matter where your equipment goes!

If you are employed full-time, freelance, work out of your home, or are self-employed, you need this “All-Risk” insurance to protect the large investment you’ve made in your equipment. Don’t let stolen or broken instruments or equipment hamper your music. Apply today for the “All-Risk” Musical Instrument and Equipment Insurance Plan designed for AFM members!

### Answers to your important questions...

**Q.** What can I insure?

**A.** Virtually all of the musical equipment you own can be protected under this plan. That includes all instruments AND equipment used in conjunction with producing and recording music. Even items valued less than \$100 can be insured as miscellaneous items – i.e., cables, instrument stands, etc. – even sheet music.

**Q.** Do I have to insure all my equipment?

**A.** No! You need only insure those items you want to insure ... or those you feel you need to insure. That’s an important advantage for you because you may already have some coverage for your equipment that is permanently kept on premises, but do not have insurance for the equipment you take with you.

With this program, you’re covered no matter where you take your equipment. So if you wanted to, you could insure just the equipment you take on location ... you’ll be covered while at a recording studio, concert hall or while on vacation.

**Q.** Is there a deductible?

**A.** This plan is subject to a low deductible ... just \$100 for each loss.

**Q.** What will happen if I buy new equipment?

**A.** If your newly acquired equipment is less than 25% of your policy limit, you receive automatic coverage for up to 30 days when you purchase or take custody of the additional equipment. You have 30 days to notify the Insurance Administrator and you will then be billed for the additional insurance.

Should your newly acquired equipment exceed 25% of your policy limit – notify the Insurance Administrator immediately. You will be billed for the additional coverage.

**Q.** What exactly is “All-Risk” protection?

**A.** “All-Risk” means there are very few exclusions to your coverage. Unlike most plans, this coverage protects all your instruments and related equipment you choose to insure – including computers – from theft, breakage, water, vandalism, vehicle damage, fire, lightning and other natural hazards. Your equipment is even covered in your car.

**Q.** What should I do if I have a claim?

**A.** Any claim, or situation which may result in a claim, should be reported immediately to the Group Insurance Administrator, 1440 Renaissance Drive, Park Ridge, Illinois 60068-1400.

**Q.** If I have a claim, do I receive the replacement value of the instrument?

**A.** Yes, as long as the insured amount is equal to the replacement value. Because the values of better instruments appreciate, the replacement value may have risen since the instrument was last appraised. Therefore, it is your responsibility to keep appraisals and insured values current on the policy. Such appraisals may be obtained by the manufacturer of the instruments involved or from an established musical instrument dealer who has experience with and specific knowledge of the instrument’s current market values.

Please Note: You should always keep all your receipts from the purchase of your equipment. Also, the replacement value will be rewarded after equipment is replaced.
