Unum's renewable term life insurance can help.

Protect the future for those you love.

Abby and Joe just finished building their dream home. It's their baby, and baby has a big 20-year mortgage. If something should happen to Abby, she wants Joe to have great memories and go on with his life. She doesn't want him to have to move out of their home.

What happens after you're gone?

How to apply

To learn more, watch for information from your employer.

Get the coverage you need.

Renewable term life insurance is offered to all eligible employees, ages 15 to 70,² who are actively at work. You decide if it's right for you and your family.

Four features that add value

- 1. Adds more coverage that's affordable** — If you have a basic term life policy through your job, you have some coverage, but it may not be enough for your needs. You can buy this life insurance at an affordable premium that is fixed and guaranteed for 10 years, with an additional 10-year period at guaranteed rates, based on your age at issue.
- 2. Provides a living benefit option** — This rider is automatically included on employee and spouse stand-alone policies at no additional premium. Policy owners diagnosed with a terminal illness limiting life expectancy to 12 months* or less can request a benefit advance and may receive up to 75% of the policy's face amount, to a maximum of \$150,000.

- 3. Requires no physical exam** — During initial enrollment, you can get this insurance up to a specified amount without taking a health exam. You may be asked a few questions.
- 4. Can convert to a cash value policy³** — You can convert this policy to a cash value life insurance policy any time before your 75th birthday.

Additional coverage option

Your employer may make the following option available to you and/or your spouse, for an additional premium:

Accidental death benefit — Provides an additional death benefit equal to the face amount of the base policy. The benefit is paid (to a maximum of \$150,000) if the death is a result of an accident before age 70, as defined in the policy. In addition, it increases by 25% if the covered person dies as a result of an automobile accident (non-commercial) while wearing a seat belt.
