Schedule of benefits

This schedule of benefits lists the **deductibles** and **copayments/coinsurance** that apply to the services you receive under this plan. You should review this schedule to become familiar with your **deductibles** and **copayments/coinsurance** and any limits that apply to the services.

How to read your schedule of benefits

- When we say:
 - "In-network coverage", we mean you get care from **network providers**.
 - "Out-of-network coverage", we mean you can get care from **out-of-network providers**.
 - "Other health care coverage", we mean you can get care from an **out-of-network provider** when you could not reasonably get the services and supplies needed from a **network provider**. This includes when you get care from **out-of-network providers** during your **stay** in a **network hospital**.
- The **deductibles** and **copayments/coinsurance** listed in the schedule of benefits below reflect the **deductibles** and **copayment/coinsurance** amounts under your plan.
- You are responsible to pay any **deductibles**, **copayments**, and **coinsurance**.
- The **coinsurance** listed in the schedule of benefits reflects the plan **coinsurance** percentage. This is the **coinsurance** amount the plan pays. You are responsible for paying any remaining **coinsurance**.
- You are responsible for full payment of any health care services you receive that are not a covered benefit.
- This plan has maximums for specific covered benefits. For example, these could be visit, day or dollar
 maximums. They are combined maximums between network providers and out-of-network providers
 unless we state otherwise.
- At the end of this schedule you will find detailed explanations about your:
 - Deductible
 - Maximum out-of-pocket limits
 - Maximums

Important note:

All **covered benefits** are subject to the Calendar Year **deductible** and **copayment/coinsurance** unless otherwise noted in the schedule of benefits below.

We are here to answer any questions. Contact Member Services by logging onto your Aetna secure member website at www.aetna.com or at the toll-free number on your ID card.

The coverage described in this schedule of benefits will be provided under **Aetna Life Insurance Company's group policy**. This schedule of benefits replaces any schedule of benefits previously in effect under the **group policy**. Keep this schedule of benefits with your booklet-certificate.

Precertification penalty

This only applies to out-of-network coverage. The booklet-certificate contains a complete description of the **precertification** program. You will find details on **precertification** requirements in the *Medical necessity and precertification requirements* section.

Failure to precertify your eligible health services when required will result in the following penalty:

 A \$400 penalty will be applied separately to each type of eligible health services (the penalty will never exceed the cost of the benefit)

Precertification and/or **step therapy** for certain **prescription drugs** may be required. In this case, the **prescription drug** will not be covered until you get prior authorization.

The additional percentage or dollar amount of the **recognized charge** which you may pay as a penalty for failure to obtain **precertification** is not a **covered benefit**, and will not be applied to the **deductible** amount or the **maximum out-of-pocket limit**, if any.

General coverage provisions

This section provides detailed explanations about the:

- Deductible
- Maximum out-of-pocket limits
- Maximums

that are listed in the first part of this schedule of benefits.

Deductible provisions

Eligible health services applied to the out-of-network **deductibles** will be applied to satisfy the in-network **deductibles**. **Eligible health services** applied to the in-network **deductibles** will be applied to satisfy the out-of-network **deductibles**.

The **deductible** may not apply to certain **eligible health services**. You must pay any applicable **copayments/coinsurance** for **eligible health services** to which the **deductible** does not apply.

Individual

This is the amount you owe for in-network and out-of-network eligible health services each Calendar Year before the plan begins to pay for eligible health services. This Calendar Year deductible applies separately to you and each of your covered dependents. After the amount you pay for eligible health services reaches the Calendar Year deductible, this plan will begin to pay for eligible health services for the rest of the Calendar Year.

Family

This is the amount you and your covered dependents owe for in-network and out-of-network eligible health services each Calendar Year before the plan begins to pay for eligible health services. After the amount you and your covered dependents pay for eligible health services reach this family Calendar Year deductible, this plan will begin to pay for eligible health services that you and your covered dependents incur for the rest of the Calendar Year.

To satisfy this family **deductible** limit for the rest of the Calendar Year, the following must happen:

The combined eligible health services that you and each of your covered dependents incur towards the individual Calendar Year deductibles must reach this family deductible limit in a Calendar Year.

When this occurs in a Calendar Year, the individual Calendar Year **deductibles** for you and your covered dependents will be considered to be met for the rest of the Calendar Year.

Copayments

Copayment

As it applies to in-network coverage, this is a specified dollar amount or percentage that must be paid by you at the time you receive **eligible health services** from a **network provider**. As it applies to in-network coverage, if **Aetna** compensates **network providers** on the basis of the reasonable amount, your percentage copayment is based on this amount.

Coinsurance

The specific percentage you and the plan have to pay for a health care service listed in the schedule of benefits.

Maximum out-of-pocket limits provisions

Eligible health services that are subject to the **maximum out-of-pocket limit** include **prescription drug eligible health services** provided under the medical plan outpatient **prescription drug** plan.

Eligible health services applied to the out-of-network maximum out-of-pocket limit will be applied to satisfy the in-network maximum out-of-pocket limit and eligible health services applied to the in-network maximum out-of-pocket limit will be applied to satisfy the out-of-network maximum out-of-pocket limit.

The maximum out-of-pocket limit is the maximum amount you are responsible to pay for copayments/coinsurance and deductibles for eligible health services during the Calendar Year. This plan has an individual and family maximum out-of-pocket limit. As to the individual maximum out-of-pocket limit each of you must meet your maximum out-of-pocket limit separately.

Individual

Once the amount of the **copayments/coinsurance** and **deductibles** you and your covered dependents have paid for **eligible health services** during the Calendar Year meets the individual **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** or **recognized charge** for **covered benefits** that apply toward the limit for the rest of the Calendar Year for that person.

Family

Once the amount of the **copayments/coinsurance** and **deductibles** you and your covered dependents have paid for **eligible health services** during the Calendar Year meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** or **recognized charge** for such **covered benefits** that apply toward the limit for the remainder of the Calendar Year for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the Calendar Year, the following must happen:

 The family maximum out-of-pocket limit is a cumulative maximum out-of-pocket limit for all family members. The family maximum out-of-pocket limit can be met by a combination of family members with no single individual within the family contributing more than the individual maximum out-ofpocket limit amount in a Calendar Year.

See How to read your schedule of benefit, important note about your cost sharing and important notice at the beginning of this schedule of benefit

The maximum out-of-pocket limit may not apply to certain eligible health services. If the maximum out-of-pocket limit does not apply to a covered benefit, your copayment/coinsurance for that covered benefit will not count toward satisfying the maximum out-of-pocket limit amount.

Certain costs that you incur do not apply toward the maximum out-of-pocket limit. These include:

- All costs for non-covered services
- All costs for non-emergency use of the emergency room
- All costs incurred for non-urgent use of an urgent care provider

Maximum provisions

Eligible health services applied to the **out-of-network** maximum will be applied to satisfy the network maximum and **eligible health services** applied to the network maximum will be applied to satisfy the **out-of-network** maximum.

Calculations; determination of recognized charge; determination of benefits provisions

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one Calendar Year.
