

Retiree Dental Options

Evonik provides comprehensive retiree dental coverage for eligible ***Stockhausen Louisiana retirees who were hired prior to April 26, 2006, and who meet age and service requirements at retirement.*** These plan options are available to Medicare and Non-Medicare retirees and their Medicare and Non-Medicare eligible dependents. For 2026, your retiree dental benefits, designs and contributions remain the same as in 2025.

The following dental options are available to eligible retirees and dependents:

BLUE CROSS BLUE SHIELD OF ALABAMA PPO

These options give you the flexibility to choose an in-network or out-of-network dentist each time you need dental services. In-network dentists agree to provide dental services to participants at a reduced fee (negotiated charge).

In-network benefits are paid based on the negotiated charge with the carrier. Out-of-network benefits are paid based on the “usual and reasonable” amount, as determined by the carrier. You are responsible for any costs over the usual and reasonable (U&R) amount. The covered services are the same regardless of whether you use an in-network or out-of-network dentist. However, when you obtain care from an in-network dentist, your out-of-pocket expenses will be lower than when you use an out-of-network dentist. Check each carrier’s network to determine whether your preferred dentist is in-network.

Finding Applicable Network of Providers and Facilities

In some cases dental vendors’ network names differ from Evonik’s dental plan names. This table will assist you in finding in-network providers and facilities for the dental plans that you will enroll in.
