

## THE NEW EXPO-PLUS Event Cancellation Insurance

### ENHANCED COVERAGE HIGHLIGHTS

The EXPO-PLUS Plan is pleased to provide our enhanced new policy form. This policy provides the necessary safeguard that can make the difference between financial success and failure of your important event. EXPO-PLUS provides comprehensive coverage for lost revenue and /or additional operating expenses incurred because of an unexpected disruption. You are covered from the time the premium is accepted until your event is over. For example, let's say you purchase this protection in April and your event is planned for November. If in July, a hurricane hits destroying the event's venue, coverage would apply avoiding a potential significant financial loss.

- **Communicable Disease** – Limited or Full Options available
- **Cost of Remedial Action** – Underwriters and the representatives will work with you to attempt to remedy and avoid, where possible, a situation that could result in a claim under your policy. If this fails and you still suffer a claim the policy limit is still there in full to respond to your covered loss and has not been eroded by the cost of remedial action.
- **Insured Commitments** - in addition to limit of liability up to 20% extra is available for those financial commitments you have entered into and undertaken by others on your behalf.
