

Catastrophe Major Medical Plan Plan Highlights

Sponsored by NYSUT Member Benefits Catastrophe Major Medical Insurance Trust
Policy #: CMMI-003

Regardless of your age or the type of basic medical insurance you have, you and your family members could still be left with extraordinary out-of-pocket medical expenses. This is especially true if you have a serious medical issue, are confined to a nursing home/convalescent care facility for convalescent or custodial care, or need home health care.

The Catastrophe Major Medical (CMM) Plan offers supplemental coverage that you and your eligible family members may need. Once the deductible has been satisfied, this plan provides benefits for eligible expenses that your basic plan may not fully cover. You should review your personal coverage to determine how this plan can help serve your needs.

Why would I need the CMM Plan?

The CMM Plan is designed to help with expenses not fully covered by your basic major medical, prescription drug or hospitalization insurance – including Medicare. Your basic coverage may provide adequate health insurance protection but may limit benefits. The CMM Plan was designed to help pay in excess of your basic coverage after satisfying an annual deductible. Certain benefit categories and out-of-network benefits have specific limits as described below.

Expenses must be medically necessary and for services and/or supplies ordered by a physician. Examples of eligible expenses include:

- Co-payments, co-insurance and deductibles from your basic health plan;
- Prescription drug co-pays or co-insurance costs;
- Home health care;
- Durable medical equipment;
- Private duty nursing;
- Nursing/Convalescent care; and more.

Nursing/Convalescent Home Benefits

Up to \$72 per Day – \$80,000 Lifetime Maximum Benefit

Anyone at any age can require convalescent or custodial care in a nursing home. However, this type of benefit is not included in many health insurance plans.

Should any insured family member become confined as an inpatient in a nursing home for convalescent or custodial care due to a covered accident or illness, this plan pays room and board, general convalescent care, services, and supplies up to \$72 per day with an \$80,000 lifetime maximum benefit. Confinement must be prescribed by an attending physician and benefits will begin on the 20th day of convalescent care confinement provided by a Medicare-certified facility or, in the case of an Assisted Living Facility, is licensed to operate under the laws of the state in which it is located.

A nursing home or convalescent home means a licensed facility that has, on its premises, organized facilities to care for and treat its patients; a staff of physicians to supervise such care and treatment; and a registered nurse on duty at all times. A nursing home or convalescent home does not mean a place, or part of one, that is used mainly for the aged; treatment of substance use/abuse (alcohol/drug) disorders, or persons with mental, nervous or emotional disorders.

NOTE: The CMM Plan is not considered to be long-term care coverage.

Home Health Care Benefits

Up to 25 Hours per Week – 6,000 Hour Lifetime Maximum Benefit

At some point in your life, you may require home health care. This plan provides coverage for up to 25 hours per week with a 6,000 hour lifetime maximum benefit. These visits may be for, among other things, part-time or intermittent home health care aide services, physical therapy, occupational therapy, or speech therapy. The visits must be under a program of care prescribed by the insured’s physician and provided by a home health care agency that is Medicare-certified or licensed or certified by a state department of health or other regulatory authority responsible for licensing or certifying home health care agencies.

(Please Note: If a home health care agency is used that is not Medicare-certified or licensed or certified by a state’s regulatory authority, you will be reimbursed for 20% of the eligible expenses (less any payment by your Basic Plan) up to the Plan’s maximum benefit.)

Home health care benefits are not dependent upon a prior nursing home or hospital stay. The home health care benefit will begin after 60 hours of paid home health care each calendar year.

What is the Plan’s deductible?

The CMM Plan is designed to provide coverage for eligible medical expenses that are not covered by your Basic Plan or Medicare – after you satisfy your annual out-of-pocket deductible.

The deductible is the amount you owe each calendar year before this plan begins to pay benefits.

Description	In-Network	Out-of-Network
Preventive Benefits	No deductible	No deductible
Overall Annual Out-of-Pocket Deductible	\$2,500/Individual \$5,000/Family	\$5,000/Individual
Custodial care in a Convalescent Home, Custodial Care Facility, Nursing Home, Assisted Living Facility or Skilled Nursing Facility	No deductible. Benefits start on the 20 th day of confinement. (This is not an annual requirement.)	No benefits for an Out-of-Network facility.
Home Health Care	No deductible. Benefits start after the 60 th hour of home health care has been paid.	No deductible. Benefits start after the 60 th hour of home health care has been paid. The Plan then pays 20% of the eligible expenses (less any payment by your Basic Plan).

Non-eligible charges do not count toward the deductibles. Charges incurred In-Network are not counted toward the Out-of-Network deductible and charges incurred Out-of-Network are not counted toward the In-Network deductible.

What is the Plan's Benefit Period?

Benefit Period means the period of time during which benefits are payable. This Plan's Benefit Period is the calendar year and runs from January 1 to December 31.

How do In-Network and Out-of-Network benefits work?

In general, In-Network medical expenses are paid at 100% of eligible expenses less payments made by the Basic Plan. Payment for Out-of-Network medical expenses will be limited to 70% of eligible expenses less payments made by the Basic Plan, and you pay 30% co-insurance up to the maximum benefit. Out-of-Network benefits include services or supplies provided by a physician, provider or facility that is not a member of your Basic Plan's Preferred Provider Organization (PPO), Exclusive Provider Organization (EPO) or Health Maintenance Organization (HMO).

Payment for Out-of-Network home health care expenses will be limited to 20% of the eligible expenses (less any payment by your Basic Plan), and you pay 80% co-insurance up to the maximum benefit. Out-of-Network expenses for convalescent care are not covered by the CMM Plan.

How does the claim process work?

The CMM claim process requires the claimant to complete one claim form per year and submit certain documentation, which may include Explanation of Benefits (EOB) statements from your basic health insurance plan(s), itemized bills from service providers and payment receipts.

Where should claims be sent?

Claims for Covered Charges associated with benefit periods that start on January 1, 2018 or later should be sent to HealthSmart Benefit Solutions, Inc.

Claims for Covered Charges associated with a benefit period effective date prior to January 1, 2018 should be sent to Mercer Consumer.

What are the premiums?

See the rate schedule below. Premiums are based on the member's age and coverage level, and will increase as the member ages. In addition, the Plan's trustees review the rates annually with the Plan's consultants to determine if rates require adjustments.

How can I enroll in the CMM Plan?

NYSUT members cannot currently enroll in the CMM Plan. However, an open enrollment period may be offered from time to time. Please visit memberbenefits.nysut.org periodically for updates.

Current CMM participants have the ability to add dependents through a “life event” process outlined in the CMM Plan Document. Newly acquired dependents can be added within 60 days of the “life event.” For details, contact Mercer Consumer, the Plan’s Administrator, toll-free at **888-386-9788**.

What is the CMM Plan’s Basic Plan requirement?

All eligible participants and dependents must be covered by or insured under a basic health plan (Basic Plan). NYSUT members who were covered under the Plan on December 31, 2017 and their dependents who were covered on that date must be covered by a Basic Plan as that term was defined on December 31, 2017.

For all other participants, a Basic Plan means any and all of the following Plans in which an eligible participant is enrolled:

- New York State Health Insurance Program's Empire Plan (NYSHIP);
- New York City Health Insurance Program (NYC);
- Plan offered by Member's Employer (e.g., Article 47/Consortium plan, Article 43 plan or employer-sponsored plan) that provides Minimum Essential Coverage and Minimum Value within the meaning of the Affordable Care Act;
- Other group health plan, including the group health plan of a spouse or dependent, that provides Minimum Essential Coverage and Minimum Value within the meaning of the Affordable Care Act; or
- For Medicare-eligible participants, Parts A and B or Part C (Medicare Advantage Plan).

You must have Basic prescription drug coverage in order for prescription drug benefits to be payable. If a participant is a Medicare-primary beneficiary, he or she must be enrolled in a Part D Plan or have Creditable prescription drug coverage (as defined by Medicare) through another Basic Plan. No benefits for prescription drugs will be payable under this Plan for individuals who are not enrolled in a prescription drug program.

A Basic Plan does not include:

- An individual Plan either purchased on or off any state/federal Marketplace/Exchange;
- Medicaid;
- A State Children's Health Insurance Plan (CHIP); or
- TRICARE.
