NYSUT MEMBER BENEFITS HAS PARTNERED WITH METLIFE TO OFFER YOU A RANGE OF DISABILITY PLANS. YOU CAN CHOOSE THE BENEFIT AMOUNT AND WAITING PERIOD THAT IS RIGHT FOR YOU

NYSUT Member Benefits Trust-endorsed Disability Plan

You've probably insured your car, your home and your life, so now is the time to insure your salary with Disability Insurance. We don't want you to lose your income if you suddenly had to stop working due to an accident or illness. Disability Insurance will ensure you still receive part of your salary, so you can continue paying your bills and providing for your family. Plus, you'll also be able to take advantage of rehabilitation programs with financial incentives.

This Disability Insurance can help you protect your income with a Short-Term, Long-Term or 5-Year Disability Plan.

You can customize your own plan. You choose from varying benefit amounts and waiting periods to suit your personal income protection needs, as outlined in this brochure.

The plan also provides an accidental death and dismemberment benefit, which includes a hospital confinement benefit and travel assistance benefit. Take a minute to see how Disability Insurance can help you.

This information is only a brief description of the principal provisions and features of the plan. The complete terms and conditions are set forth in the Certificate of Insurance issued by MetLife.

ARE YOU ELIGIBLE?

You may apply for this coverage if:

- You are a member of NYSUT.
- You are age 65 or under.
- You work 20 or more hours weekly.

Lawful spouses or domestic partners of NYSUT members, retiree members and Associate Members of NYSUT are not eligible for this plan.

CREATE YOUR OWN PLAN IN THREE EASY STEPS

Create a plan that best suits your needs. Start by examining whether you presently have disability coverage and the benefits you would need if a disabling illness or injury strikes. Consider factors such as the type of income protection benefits, if any, your employer offers; the amount of sick leave you've accrued; your age; your years to retirement; and the amount of money you have in savings.

STEP 1. Choose Your Benefit Duration.

You may select among three plans:

- **Long-Term Plan:** If you do not already have coverage for longer periods of disability – 5, 10, 15 years or longer – you probably need the kind of income protection offered by the Long-Term Plan.
- **5-Year Plan:** If you're looking for affordable coverage and are several years away from retiring, you may want to consider the 5-Year Plan.
- **Short-Term Plan:** If you are looking for short-term coverage to cover sick leave or are nearing retirement, you may need the short-term, 12-month disability plan.

Plan	Start of Total Disability	Maximum Benefit Period
Long-Term	Prior to age 64	To age 65
	Age 64 or over	12 months
5-Year	Prior to age 64	60 months
	Age 64 or over	12 months
Short-Term	Prior to age 64	12 months
	Age 64 or over	12 months

Unless otherwise indicated, information in this brochure applies to all plans.

STEP 2. Choose Your Benefit Amount.

You may apply for \$500 to \$5,000 per month (in \$50 monthly benefit units), not to exceed 60 percent of your gross monthly earnings. You can increase your coverage amount in the future if your salary increases, but you will need to reapply for additional benefits. Benefits under the Member Benefits endorsed Disability Insurance Plan may be tax-free under current tax law if premium is paid with after-tax dollars. Please consult and discuss this with your tax advisor.

If you become totally disabled while insured, the plan will pay the monthly benefit amount you are issued, starting the first day following completion of the waiting period you selected (see STEP 3). If you remain totally disabled, the plan will continue to pay the monthly benefit, not to exceed the maximum benefit period, subject to the coordination of benefits provision described later.

STEP 3. Choose Your Waiting Period.

The waiting period, also known as the elimination period, is the amount of time you must be totally disabled due to a covered sickness or injury before benefits will begin to be paid. The waiting period begins on the first day you are totally disabled.

You may select a waiting period of 60, 90, 120, 150 or 180 calendar days. The longer the waiting period, the lower your premium payments will be.

EXPLANATION OF DISABILITY INSURANCE PLAN BENEFITS

Coordination of Loss of Income Benefits

We will reduce your disability benefit by the amount of all other income benefits you receive that includes but is not limited to Social Security, workers' compensation, and any income received for disability under a group insurance policy, such as benefits for loss of time from work due to disability installment payments for permanent total disability. More reductions may apply. Please review your certificate for full details.

Minimum Benefit Guarantee

\$500 subject to the Overpayments and Rehabilitation Incentive subsections of this certificate.

Effective Date of Insurance

The insurance takes effect on the date shown on the Certificate of Insurance sent to you, if you are actively at work, provided we have approved your application and subject to your payment of the required premium. If you are not actively at work on that date, the insurance will take effect on the date you are actively at work, as long as it is within three months of the Certificate effective date and you are still eligible for coverage. If your insurance is scheduled to take effect on a non-working day, your Active Work status will be based on whether you were Actively at Work on the last working day before the scheduled Effective Date of your insurance.

Definition of Total Disability

"Total Disability" means you can't perform the duties of your regular occupation during the first 24 months for the Long-Term and 5-Year Plans, following completion of the waiting period you have chosen. After 24 months, your disability must prevent you from engaging in any occupation for which you are reasonably suited. For the Short-Term Plan, "Total Disability" means you can't perform the duties of your regular occupation during the first 12 months. For all three plans, you must be receiving medical care from a physician during total disability.

Voluntary Accidental Death & Dismemberment (VAD&D)

This Disability Insurance provides an accidental death & dismemberment benefit at no additional cost.

Principal Sum \$25,000

Hospital Confinement Benefit

The VAD&D benefit includes a hospital confinement benefit. If hospital confinement occurs within 12 months of an accidental injury, benefits paid are up to \$250 maximum per month. Benefits will begin on the 5th day of confinement and will continue for a maximum of 12 months. Please refer to the VAD&D portion of your Disability Certificate for coverage details.

Travel Assistance Benefit

The VAD&D benefit includes a travel assistance benefit. Travel Assistance gives you access to medical, travel, and concierge services - 24 hours a day, 365 days a year when traveling internationally or domestically. Please refer to the Travel Assistance brochure for more information.

Waiver of Premium

If you become totally disabled and are receiving monthly benefits from your plan, future premiums will be waived. The waiver of premium will stop when you are no longer eligible to receive a monthly benefit for the period of total or partial disability.

Disability Due to Mental Disorders Limitation

The plan limits monthly benefits for mental disorders to a Maximum benefit period of 12 months.

Termination of Disability Benefits

Disability benefits will stop on the earliest of: the date you are no longer totally disabled or partially disabled; the date of your death; or the end of the maximum benefit period for total or partial disability or for mental disorders.

Termination of Insurance

The Covered Person's insurance will terminate on the earliest of the following dates: 1.) The date the Group Policy terminates; 2.) The date on which the Covered Person retires or ceases to be actively engaged in his or her occupation for remuneration or profit, except by reason of Total Disability as defined; 3.) The date on which the Covered Person ceases to be a member of a class of Eligible Persons; 4.) The date on which the Covered Person attains the Age Limit of 66 years of age; or 5.) The end of the grace period following the last day of the period for which a premium payment is made. Any unearned premium paid beyond a termination date will be promptly refunded on a prorated basis.

If you are not completely satisfied with the terms of your Certificate, you may contact Mercer Consumer toll-free at 888-386-9788, without claim within 30 days. PREMIUM PAYMENT OPTIONS AND RATES

You may select from the following convenient payment options:

- Payroll deduction.*Note: You can gain a discount on premiums of up to 20 percent if you select the payroll deduction option for the Long-Term or 5-Year Plan!
- Pre-authorized check draft.
- Direct bill on an annual, semi-annual or quarterly basis.

Rates for these payment options are outlined on the following charts. Charts 1 and 2 outline information for the Long-Term Plan; Charts 3 and 4 provide information for the 5-Year Plan; and Charts 5 and 6 provide information on the Short-Term Plan.

HOW TO CALCULATE YOUR PREMIUMS

Complete Steps 1 through 3, (on previous pages), then:

- Determine the number of \$50 monthly benefit units (as described in Step 2) that your plan will provide.
- Multiply this amount by the monthly premium contribution per unit, based on your age and the waiting period you selected.

Example: You are age 35 and will use the payroll deduction option. You've selected the Long-Term Plan (see Chart 1), a \$2,000 monthly benefit and a 90-day waiting period. Check Chart I for the applicable rates based on your selections.

Rate/\$50 monthly benefit	x	# of \$50 units	=	Monthly Premium
\$.60 (from chart I)	x	40 units	=	\$24

If you select the Pre-Authorized Check Plan (ACH) instead of the Payroll Deduction Option... obtain your information from Chart 2. Multiply \$.75 by the 40 units, for a monthly premium of \$30.

If you elect to pay semi-annually... multiply this \$30 monthly rate, as calculated above, by six months, for a semi-annual premium of \$180.

Premiums are based on your age at the time coverage becomes effective, and they increase on the premium due date on or after you reach a higher age bracket.

* Payroll deduction is available in local associations that have made the necessary arrangements for payroll deductions of Member Benefits-endorsed programs.
