

## Negotiated For ASME Members And Their Families

### HELP SECURE YOUR FAMILY FUTURE

The ASME Term Life Insurance is designed to help provide you and your family financial protection at reasonable group rates. In the unfortunate event of your death, or that of your spouse, family members who are left may be forced to change educational plans, living arrangements, or lifestyle. With the loss of your earning power, what would happen to your loved ones?

Most ASME members already have some life insurance protection. But statistics show they probably don't have enough protection. Many financial planners suggest you carry 5 to 9 times your annual salary in life insurance. Of course, life insurance needs vary according to your family and financial situation (living expenses, mortgage payments, college education for children.) For example: in an average situation, a 34-year old with a family and a home, making \$40,000 per year might consider a minimum of \$200,000 of life insurance...and similarly, a 49-year old making \$55,000 per year might consider carrying at least \$275,000 of coverage.

The ASME Group Term Life Insurance offers a exclusively priced way to apply for the life insurance you need. The current semiannual cost of each \$1,000 of coverage is just 21 cents for a 34-year-old member and only 70 cents for a 49-year-old.\* At such reasonable group rates, you can request the financial protection you and your family need.

\*Includes 15% premium credit effective through April 30, 2023.

### WHO IS ELIGIBLE?

ASME members under age 70 are eligible to apply for coverage for themselves, their lawful spouses, and unmarried dependent children ages 14 days through 22 years (24 if a full-time student). In order to become insured, satisfactory evidence of insurability must be provided and the required premium must be paid.

A dependent spouse who is a member may only become insured as a member. A dependent child who is a member is eligible for either member or dependent coverage, but not both. If both member and spouse are covered as members, only one may insure any eligible children.

This coverage is available only for residents of the United States (excluding VT and territories) and Puerto Rico. This coverage is not available to residents of Canada.

### FEATURES

#### VALUABLE BENEFIT...

##### for the same exclusively priced premium

The Living Benefit or "accelerated death benefit" is designed to provide members with the option to have a portion of a terminally ill insured's life insurance benefit paid while he/she is still alive.

The money received under this feature can be used however you see fit. For example, it can help pay medical bills and other outstanding debts and financial obligations...it can help you keep your savings and assets intact...it can help you maintain your quality of living.

To qualify for this benefit, a person must be insured under this policy and diagnosed as having a life expectancy of 12 months or less. Proof of terminal illness will consist of a statement from a doctor and any other medical information New York Life Insurance Company believes necessary to confirm the person's status.

You can request payment equal to 50% of a qualified terminally ill person's in force coverage. The request must be made at least 12 months prior to that person's scheduled coverage termination age, and the amount payable after the insured's death will be reduced by this payment. (Premium contributions will not be reduced.)

## QUESTIONS?

**1-800-289-ASME (2763)**

**ASME.service@mercer.com**

**www.asmeinsurance.com**

If a scheduled reduction will occur within one year of the date the advance payment will be made, the benefit payable will be 50% of the reduced coverage. (See "Amounts of Insurance At Member Ages 65 through 99.") Note: An insured will be eligible for only one terminal illness benefit during his/her lifetime.

Please note that the receipt of this benefit may affect your eligibility for public assistance programs and may be taxable. You may wish to consult the appropriate social services agency and a qualified tax advisor about how this may affect your personal situation.

**Premium Credits:** A money saving feature of the ASME Term Life is the opportunity to receive a premium credit. Premium credits reduce the total cost of insurance. A **15% premium credit** will be applied to semiannual premium contributions due through April 30, 2023. And in the future, if experience warrants, the trustee may grant premium credits that can reduce your cost to renew coverage. Although not promised or guaranteed, premium credits have been granted every year since 1965.

### NO EXCLUSIONS

Benefits will be paid in the event of death, anywhere in the world regardless of cause. The validity of any amount of your insurance which has been in force for two years during your lifetime will not be contested except for insurance eligibility provisions or nonpayment of premium contributions.

### YOUR CHOICE OF BENEFICIARY

You may select any person, persons, trust or other legal entity as your beneficiary. If, at the time of your death, there are no surviving beneficiaries, benefits will be paid to the executor or administrator of your estate, or at the option of New York Life, to the surviving relatives in the following order of survival: spouse; children equally; parents equally; or brothers and sisters equally.

### PREMIUMS ARE WAIVED IF YOU'RE TOTALLY DISABLED

If you become totally disabled before age 60, and remain so disabled for nine months or longer, your insurance will be continued as long as you remain totally disabled – for both you and your insured family members – without additional premium contributions until coverage terminates when you reach age 100. The amount continued will be based on the options under which you and your dependents were insured at the time your disability began, subject to the scheduled decreases shown in "Amounts of Insurance At Member Ages 65 through 99." You may be asked to provide evidence of your continued total disability from time to time.

### WHEN COVERAGE ENDS

Insurance for you can remain in force to age 100, provided: (a) you continue to pay premium contributions when due; (b) you remain a member of ASME and (c) the policy is not terminated or modified by the Policyholder or New York Life Insurance Company to end insurance for the group of insureds to which you belong. Coverage for your insured dependents will end when your coverage ends, or when the eligibility requirements are no longer being met. Upon your death, coverage for your insured dependents may continue as described in the Certificate of Insurance.

## Group Conversion Privilege

The policy provides conversion privileges under certain circumstances of involuntary termination as described in the Certificate of Insurance.

### AMOUNTS OF INSURANCE AT MEMBER AGES 65 THROUGH 99\*

The amount of life insurance for you and your spouse is based on your age at last birthday, and decreases on the semiannual premium due date (May 1 or November 1) coinciding with or immediately after you enter a new age category. After member age 65, coverage decreases for each \$10,000 member and spouse option of insurance. Premiums do not reduce. (The amount of children's insurance does not decrease.)

Member's Age	Member/Spouse \$10,000 Option	Member's Age	Member/Spouse \$10,000 Option
Under 65	\$10,000	73	\$3,400
65-67	\$7,500	74	\$3,200
68	\$5,200	75	\$3,000
69	\$4,800	76	\$2,800
70	\$4,400	77	\$2,600
71	\$4,000	78	\$2,400
72	\$3,700	79	\$2,200
80 through 100		\$2,000	

\*Coverage terminates at member age 100 – see Group Conversion Privilege.

Benefit option amounts are not guaranteed and are subject to change by agreement between New York Life Insurance Company and the Trustee of the Life Insurance Policy for Members for the ASME.

### EFFECTIVE DATE

You and your dependents will become insured on the date specified by New York Life Insurance Company provided the initial premium contribution has been paid, satisfactory evidence of insurability has been submitted, and you and your dependents are alive on that date. Coverage for any dependent who is confined at home, in a hospital or other medical institution or incapacitated so as to be unable to perform his or her normal activities on the date coverage would otherwise become effective will not become effective until the date he or she is no longer so confined or incapacitated, provided for dependent child coverage you are insured on that day – and the dependent is still eligible for insurance. (Payment of a premium contribution for insurance does not mean there is any coverage in force before the effective date as specified by New York Life Insurance Company.)

†Contact the Administrator for renewal rates at ages 70 through 99.

The premium contributions shown reflect the current rates and benefit structure. Premium contributions may be changed by New York Life Insurance Company on any premium due date, but not more than once in any 12-month period, and any date on which benefits are changed. However, your rates may change only if they are changed for all others in the same class of insurance under this group policy. For example, a class of insureds is a group of people with the same issue age. Benefit option amounts are not guaranteed and are subject to change by agreement between New York Life Insurance Company and the Trustee of the Life Insurance Policy for Members of the ASME.

### How to Calculate Your Semiannual Cost\*

1. Decide on the amount of insurance you wish to request.
2. Determine the total amount of \$10,000 member options and \$10,000 spouse options you are requesting.
3. Multiply the cost per option by the number of options desired for member and/or spouse coverage.
4. If you wish to request child coverage, add \$3.30 (\$2.80 with the 15% premium credit described above) to cover all eligible children for \$10,000 each. Add the cost of child coverage to the cost for member (and spouse) coverage for your total semiannual premium cost.

\*If you select the convenient monthly Electronic Funds Transfer (EFT) option, your monthly cost will be approximately one-sixth of the semiannual cost shown. (Note: The amount billed may differ slightly due to rounding.)
