Group Enhanced Dental Insurance Plan

FOR RESERVE OFFICERS ASSOCIATION MEMBERS AND THEIR FAMILIES

VALUABLE INSURANCE PROTECTION FOR YOUR DENTAL HEALTH

Where can you find the extra money to cover your dental expenses? Avoiding the dentist is not a solution. Ignoring care today can prove to be even more costly down the road - both to your teeth AND to your bank account. Fortunately, you can now enjoy important dental insurance protection designed specifically to meet the needs of you and your family with this economical group dental insurance plan.

The Reserve Officers Association Group Enhanced Dental Insurance Plan is dental insurance, not a discount plan. Insurance helps protect you when you need it most. It pays for your preventive care as well as for emergency care or specialty dental treatment.

Here's Why the ROA Group Enhanced Dental Insurance Plan is Important to You Now:

Neglecting oral health leads to more than just gum disease and tooth decay. It has also been linked to other conditions, including Alzheimer's, diabetes, cardiovascular disease, and more.*

Your mouth can be a mirror of your overall health. Tooth decay and gum disease can lead to health issues in other parts of your body. That means putting off visits to the dentist could be costly to your heart and other vital organs - as well to your wallet.

Now there's no reason to take on the risks associated with poor dental health. This ROA Group Dental package provides an easy way to get the coverage you need to help pay the costs of important dental care. It's affordable, guaranteed, and designed to enhance today's health insurance plans.

*<http://www.webmd.com/oral-health/healthy-teeth-10/oral-overall-health> Viewed 12/09/2014.

While more Americans now have access to health insurance, many are discovering that today's medical plans do not include dental coverage. At ROA, we believe that is a potentially costly oversight.

That's why we're writing to let you know that your ROA membership guarantees a package of dental benefits not available to the general public. We've negotiated a special group dental plan that serves as an important enhancement to your overall benefits.

Here's How the Plan Works

The plan provides benefits for diagnostic and preventive care as well as most forms of specialty dental treatment. You may go to any dentist you wish. The Schedule of Dental Services identifies the maximum allowable benefit you and your dependents receive when a procedure is performed. The dollar amount assigned to each procedure is the maximum you receive, not to exceed actual charges. Under the Reserve Officers Association Group Enhanced Dental Insurance Plan, you can request that the benefits be paid either directly to the dentist or you can be reimbursed for the benefit.

Option to use the SmileMax® Dental Network which can result in lower out-of-pocket costs for your dental care

The Reserve Officers Association Group Enhanced Dental Insurance Plan includes an optional PPO feature through the SmileMax® Dental Network which can help reduce your out-of-pocket expenses. The SmileMax® network is a group of dental professionals at more than 140,000 locations nationwide that have contracted to provide dental services at negotiated fees. Selecting a network dentist can also help ensure quality care, because all network dentists are screened according to a rigorous credentialing process. Members are encouraged to use a network dentist in the SmileMax network when accessing dental services. When a network dentist is selected, you will be charged pre-arranged fees that are guaranteed to be at or under the dentist's usual fee. On average, a savings of 20 to 40 percent have been achieved nationally when using a network dentist. The Enhanced Dental Insurance Plan will continue to pay at the levels shown in the Schedule of Dental Services and you will be responsible for the difference between the network dentist's negotiated fee and the amount paid by this plan. But your out-of-pocket costs will be significantly reduced because the network dentist's negotiated fee is less than the dentist's usual fee. You may continue to choose any dentist you wish. However, using a SmileMax network provider can help you save significantly. To find a SmileMax dentist, call 1-800-221-3480 or visit the online search tool located on www.roainsure.com. Or, if your dentist does not currently participate in the SmileMax® Dental Network, you can nominate him/her for membership.

Eligibility

You and your eligible dependents may enroll for coverage. Eligible dependents include your lawful spouse and dependent children, typically under age 21 (age 25 if a full-time student). (Subject to state variations.)

All persons who were previously insured for dental insurance under this plan and later voluntarily end insurance will not be eligible to re-enroll for a period of two years following the date insurance was voluntarily ended.

PLAN FEATURES

- You select your own dentist – guaranteed. Benefits are provided for 155 different dental services.
- Option to use the SmileMax® Dental Network.
- No deductible for preventive services.
- No waiting period for preventive, diagnostic, restorative (except major) or adjunctive services.
- Choose to have the benefits paid to you or directly to the dentist.
- Your acceptance into this plan is not subject to underwriting approval.

Annual Maximums

You and your covered dependents are entitled to receive up to \$1,200 maximum in dental benefits each calendar year after the deductible is satisfied.

A lifetime maximum benefit of \$850 applies to orthodontic benefits for insured dependent children under age 19.

Deductibles

The calendar year deductible is \$50 per insured person, up to \$150 maximum per family unit. The deductible does not apply to preventive services. It is applied against insurance-covered expenses, not billed charges.

Waiting Period

Preventive, Diagnostic, Restorative (except major) and Adjunctive Services are provided immediately. Endodontics and Oral Surgery services have a 6-month waiting period. All other services have a 12-month waiting period. Once you have been enrolled under the plan for 12 consecutive months, you are eligible for services under Restorative-Major, Periodontics, Prosthetics-Removable, and Fixed Bridge.
