What is a drug list?

A drug list, or formulary, is a list of prescription drugs covered by your plan. Your plan and a team of health care providers work together in selecting drugs that are needed for well-rounded care and treatment.

Your plan will generally cover the drugs listed in our drug list as long as:

- The drug is medically necessary
- The prescription is filled at a network pharmacy
- Other plan rules are followed

For more information about your drug coverage, please review your Evidence of Coverage.

Note to existing members:

This **complete** list of prescription drugs covered by your plan is current as of August 1, 2017.

For an up-to-date list of covered drugs or if you have questions, please call Customer Service. Our contact information is on the cover.

This drug list has changed since last year. Please review this document to make sure your prescription drugs are still covered. In most cases, you must use network pharmacies to have your prescriptions covered by the plan.

When this drug list refers to “we,” “us,” or “our,” it means UnitedHealthcare. When it refers to “plan,” “our plan,” or “your plan,” it means UnitedHealthcare Group Medicare Advantage.

How do I use the drug list?

There are 2 ways to find your prescription drugs in this drug list:

- 1. By name.** Turn to section “Covered drugs by name (**Drug index**)” on pages 12–39 to see the list of drug names in alphabetical order. Find the name of your drug. The page number where you can find the drug will be next to it.
- 2. By medical condition.** Turn to section “Covered drugs by medical condition” on pages 40–139 to look for drugs based on your medical conditions. For example, if you have a heart condition, you should look in the category Cardiovascular Agents. This is where you will find drugs that treat heart conditions.

What are generic drugs?

Generic drugs have the same active ingredients as brand name drugs. They usually cost less than brand name drugs and are approved by the Food and Drug Administration (FDA). Our plan covers both brand name and generic drugs.

Talk with your doctor to see if any of the brand name drugs you take have generic versions. Then review the drug list to make sure you are getting the drug you need for the least amount of money.

The drug list shows **brand name** drugs in **bold** type (for example, **Humalog**) and generic drugs in plain type (for example, Simvastatin).

Drug payment stage and drug tiers

The amount you pay for a covered prescription drug will depend on:

- **Your drug payment stage.** Your plan has different stages of drug coverage. When you fill a prescription, the amount you pay depends on the coverage stage you're in.
- **Your drug's tier.** Each covered drug is in 1 of 4 drug tiers. Each tier has a copay or coinsurance amount. The chart below shows the differences between the tiers.

If you need help or have any questions about your drug costs, please review your Evidence of Coverage or call Customer Service. Our contact information is on the cover.

Drug Tier	Includes
Tier 1: Preferred generic	Most generic drugs.
Tier 2: Preferred brand	Many common brand name drugs, called preferred brands, and some higher-cost generic drugs.
Tier 3: Non-preferred drug	Non-preferred generic and non-preferred brand name drugs. In addition, Part D eligible compound medications are covered in Tier 3.
Tier 4: Specialty tier	Unique and/or very high-cost brand and generic drugs.

Getting Extra Help

If you qualify for Extra Help paying for your prescription drugs, your copays and coinsurance may be lower. Members who qualify for Extra Help will receive the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (LIS Rider). Please read it to learn about your costs. You can also call Customer Service. Our contact information is on the cover.

Are there any rules or limits on my drug coverage?

Yes, some drugs may have coverage rules or have limits on the amount you can get. If your drug has any coverage rules or limits, there will be a code(s) in the “Coverage rules or limits on use” column of the “Covered drugs by medical condition” chart starting on page 40. The codes and what they mean are shown below and on the next page.

You can also get more information about the coverage rules and/or limits applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. If you would like a copy sent to you, please call Customer Service. Our contact information is on the cover.

Coverage Rules and Limits

PA - Prior authorization

The plan requires you or your doctor to get prior approval for certain drugs. This means the plan needs more information from your doctor to make sure the drug is being used and covered correctly by Medicare for your medical condition. Certain drugs may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs) depending on how it is used. If you don't get prior approval, the plan may not cover the drug.

QL - Quantity limits

The plan will cover only a certain amount of this drug for 1 copay/coinsurance or over a certain number of days. These limits may be in place to ensure safe and effective use of the drug. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

ST - Step therapy

There may be effective, lower-cost drugs that treat the same medical condition as this drug. You may be required to try 1 or more of these other drugs before the plan will cover your drug. If you have already tried other drugs or your doctor thinks they are not right for you, you or your doctor can ask the plan to cover this drug.

Other Special Coverage Rules

B/D - Medicare Part B or Part D

Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

HRM - High-risk medication

This drug is known as a high-risk medication (HRM) for Medicare members 65 and older. This drug may cause side effects if taken on a regular basis. We suggest you talk with your doctor to see if an alternative drug is available to treat your condition.

LA - Limited access

Drugs are considered "limited access" if the FDA says the drug can be given out only by certain facilities or doctors. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.

MED - Morphine equivalent dose

Additional quantity limits may apply across all drugs in the opioid class used for the treatment of pain. This additional edit is called a cumulative morphine equivalent dose (MED). The MED is calculated based on the number of opioid drugs prescribed for you over a period of time. This cumulative limit is required for all plans and is designed to monitor safe dosing levels of opioids for individuals who may be taking more than 1 opioid drug for pain management. If your doctor prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor can ask the plan to cover the additional quantity.

You and your doctor may ask the plan for an exception to the coverage rules and/or limits for your drug. See section "How can I get an exception?" on page 8 or see your Evidence of Coverage to learn more.

If you don't get approval from the plan before you fill a prescription for a drug with coverage rules or limits, you may have to pay the full cost of the drug.

What if my drug is not on this list?

If your drug is not included in this drug list we may still cover it. Call Customer Service to ask if it's covered. Or go to www.UHCRetiree.com to look it up online. The information is updated on a regular basis.

If you find out that your drug is not covered, you can do 1 of these things:

1. **Ask Customer Service for a list** of similar drugs that are covered by the plan. When you get the list, show it to your doctor and ask him or her to prescribe a covered drug.
2. **Ask the plan to make an exception** and cover your drug. Review the next section for more exception information.

How can I get an exception?

Sometimes you may need to ask for drug coverage that's not normally provided by your plan. This is called asking for an exception. When you do, the plan will review your request and give you a coverage decision known as a coverage determination.

Types of exceptions you can ask for

- **Drug list exception:** Ask the plan to cover your drug even if it's not on the drug list. If approved, this drug will be covered at a pre-determined cost-sharing level. You will not be able to ask us to provide the drug at a lower cost-sharing level.
- **Utilization exception:** Ask the plan to revise the coverage rules or limits on your drug. For example, if your drug has a quantity limit, you can ask the plan to change the limit and cover more.
- **Tiering exception:** Ask the plan to cover your drug on our list at a lower cost-sharing level if this drug is not on the specialty tier.

The plan may approve your request for an exception if the covered alternative drugs wouldn't be as effective in treating your condition or would cause adverse medical effects.

Who can ask for an exception?

You, your authorized representative or your doctor can ask for an exception by calling Customer Service. Your doctor must give us a supporting statement with the reason for the exception.

How long does it take to get an exception?

After we get the statement from your doctor supporting your request for an exception, we'll give you a decision within 72 hours. You can ask for an expedited (fast) decision if you or your doctor believes that your health could be seriously harmed by waiting 72 hours. If your expedited request is approved, we'll give you a decision within 24 hours after we get your doctor's supporting statement.

Can I get my drug while I wait for an exception?

As a new or continuing member in our plan, we may cover a temporary supply of your drug if it's not on our drug list or if it has rules or limits. For example, you may need a prior authorization from us before you can fill your prescription. During the time when you are getting a temporary supply, you should talk with your doctor to decide if there is a similar drug on the drug list you can take instead. If you and your doctor decide this is the only drug that will work for you, you will need to ask for an exception. We may cover your drug in certain cases during the first 90 days of your membership.

The following chart shows how much of your drug we may cover while you ask for an exception.

If you...	And you are...	You can ask for...
are a new member in the first 90 days of your membership OR were a member last year and it's the first 90 days of your plan year	not in a nursing home or long-term care facility	at least a 30-day temporary supply
	in a nursing home or long-term care facility	at least a 98-day temporary supply
have been in the plan for more than 90 days	in a nursing home or long-term care facility and need a supply right away	at least a 31-day emergency supply
are going through a change in your level of care, such as being transferred from a hospital to a long-term care facility, any time during the year	not in a nursing home or long-term care facility	at least a 30-day temporary supply
	in a nursing home or long-term care facility	at least a 31-day temporary supply

The prescription must be filled at a network pharmacy. Also, if your prescription is written for fewer days, you can refill it multiple times. This is so you can get your full temporary supply.

We will not pay for more of your drug after you get this temporary or emergency supply unless you receive authorization from the plan.

Can the drug list change?

We try to change the drug list as little as possible during the plan year. Occasionally we may need to make changes for safety or other reasons.

The drug list may change during the year if your plan:

- Adds new drugs, including generic drugs, as they become available.
- Removes a drug that has been found to be ineffective or unsafe.
- Changes the coverage rules or limits for a drug.
- Moves a drug into a different tier.

If we remove a drug from the list

Usually, if you're taking a drug on this drug list that was covered at the beginning of the year, we will not remove or reduce coverage during the year. If you are taking a drug that is removed because a generic version becomes available, we will tell you. If the Food and Drug Administration (FDA) says a drug you are taking is not effective or is unsafe, we will take it off the drug list right away.

If we change the coverage rules or limits

We'll tell you if we add prior approval, quantity limits and/or step therapy restrictions on a drug. You can find out if your drug has any rules or limits by looking in the chart on pages 140-177.

We'll tell you about any changes

If a drug you are taking is removed from the drug list during the plan year we'll include an update in your Part D Explanation of Benefits (Part D EOB) statement. We'll tell you about any changes to our drug list at least 60 days before they go into effect or when you request a refill of the drug. If you find out when requesting a refill, you will receive a 60-day supply of the drug so you have time to talk with your doctor. To get updated information about the drugs covered by your plan, please call Customer Service or go to www.UHCRetiree.com to look it up online.

Drugs with dosages other than a 1-month supply

Drugs packaged in an extended day supply

Some drugs are packaged from the manufacturer to provide more than a 1-month supply. When you fill these drugs, you may have to pay more than 1 copay/coinsurance for a single prescription. For more information, please call Customer Service. Our contact information is on the cover.

Daily cost-sharing for oral medications filled for less than a 1-month supply

A daily cost-sharing rate may apply when your doctor prescribes less than a full month's supply of certain drugs for you and you are required to pay a copayment. A daily cost-sharing rate is the copayment divided by the number of days in a month's supply.

Daily cost-sharing applies only if the drug is in the form of a solid oral dose (e.g., tablet or capsule) when dispensed for a supply of less than 1 month under applicable law. The daily cost-sharing requirements do not apply to either of the following:

1. Solid oral doses of antibiotics.
2. Solid oral doses that are dispensed in their original container or are usually dispensed in their original packaging to help patients comply with usage and dosage directions.

For more information

For more detailed information about your plan's prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about your plan's prescription drug coverage, we're here to help. Call Customer Service toll-free at **1-800-457-8506**, TTY **711**, 8 a.m. - 8 p.m. local time, Monday - Friday. Or visit us online at **www.UHCRetiree.com**.

If you have general questions about Medicare prescription drug coverage, visit www.medicare.gov or call Medicare at 1-800-633-4227, TTY 1-877-486-2048, 24 hours a day, 7 days a week.

Covered drugs by medical condition

The list below has information about the drugs covered by this plan. Find your medical condition to see what drugs are covered. If you have trouble finding your drug, turn to the “Covered drugs by name (**Drug index**)” on pages 12-39.

The first column lists the drug name, which may include the dosage form and strength. **Brand name** drugs are listed in **bold** type (for example, **Humalog**) and generic drugs are listed in plain type (for example, Simvastatin). The second column lists the drug tier or coverage level. The third column lists any rules or limits for the drug. If quantity limits (QL) apply to a drug, the restriction amounts are shown in the chart on pages 140-177.

Drug Name	Drug Tier	Coverage Rules or Limits on use	Drug Name	Drug Tier	Coverage Rules or Limits on use
Analgesics			Diclofenac Sodium/ Misoprostol (Tablet Delayed-Release)		
Nonsteroidal Anti-inflammatory Drugs			Diclofenac Sodium/ Misoprostol (Tablet Delayed-Release)	3	
Anaprox DS (Tablet)	3		Diflunisal (Tablet)	2	
Arthrotec 50 (Tablet Delayed-Release)	3		Duexis (Tablet)	4	ST
Arthrotec 75 (Tablet Delayed-Release)	3		EC-Naprosyn (Tablet Delayed-Release)	3	
Cambia (Packet)	3		Etodolac (200mg Capsule, 300mg Capsule, 400mg Tablet Immediate-Release, 500mg Tablet Immediate-Release)	2	
Celebrex (Capsule)	3	QL	Etodolac ER (Tablet Extended-Release 24 Hour)	3	
Celecoxib (Capsule)	3	QL	Feldene (Capsule)	3	
Daypro (Tablet)	3		Fenoprofen Calcium (400mg Capsule)	3	
Diclofenac Potassium (Tablet Immediate- Release)	1		Fenoprofen Calcium (600mg Tablet)	3	
Diclofenac Sodium (1% Gel)	2	PA	Flector (Patch)	3	PA, QL
Diclofenac Sodium (1.5% Transdermal Solution)	3	PA	Flurbiprofen (Tablet)	1	
Diclofenac Sodium DR (Tablet Delayed- Release)	1		Ibuprofen (100mg/5ml Suspension, 400mg Tablet, 600mg Tablet, 800mg Tablet)	1	
Diclofenac Sodium ER (Tablet Extended- Release 24 Hour)	1				

You can find information on what the abbreviations in this table mean on pages 6 - 7.

Drug Name	Drug Tier	Coverage Rules or Limits on use	Drug Name	Drug Tier	Coverage Rules or Limits on use
Ketoprofen (Capsule Immediate-Release)	2		Naproxen DR (Tablet Delayed-Release) (Generic EC-Naprosyn)	1

Covered drugs with a quantity limit (QL)

This list shows drugs that have a quantity limit. Some drugs come in several strengths. Each strength may have a different quantity limit. If quantity limits for a drug vary by strength, the different strengths are listed on separate lines. These limits may be in place to ensure your safety.

Your plan will cover only a certain amount of these drugs or will only cover these drugs for a certain number of days. For more information about quantity limits, talk with your doctor or pharmacist. You can also call Customer Service. Our contact information is on the cover.

Drugs are listed in alphabetical order in the chart below.

Drug Name	Quantity Limit
Abacavir (Tablet)	Maximum of 3 tablets per day
Abacavir Sulfate/Lamivudine/Zidovudine (Tablet)	Maximum of 3 tablets per day
Abacavir/Lamivudine (Tablet)	Maximum of 2 tablets per day
Abilify (Tablet)	Maximum of 1 tablet per day
Abstral (Tablet Sublingual)	Maximum of 4 tablets per day
Acarbose (100mg Tablet)	Maximum of 3 tablets per day
Acarbose (25mg Tablet)	Maximum of 12 tablets per day
Acarbose (50mg Tablet)	Maximum of 6 tablets per day
Accolate (Tablet)	Maximum of 2 tablets per day
Accupril (Tablet)	Maximum of 2 tablets per day
Accuretic (10mg-12.5mg Tablet)	Maximum of 1 tablet per day
Accuretic (20mg-12.5mg Tablet, 20mg-25mg Tablet)	Maximum of 2 tablets per day
Acetaminophen/Codeine (120mg/5ml-12mg/5ml Oral Solution)	Maximum of 150 ml per day
Acetaminophen/Codeine (300mg-15mg Tablet, 300mg-30mg Tablet, 300mg-60mg Tablet)	Maximum of 13 tablets per day
Actiq (Lollipop)	Maximum of 4 lozenges per day
Actonel (150mg Tablet)	Maximum of 1 tablet per 30 days
Actonel (30mg Tablet, 5mg Tablet)	Maximum of 1 tablet per day
Actonel (35mg Tablet)	Maximum of 4 tablets per 28 days
Actoplus Met (Tablet)	Maximum of 3 tablets per day
Actoplus Met XR (15mg-1000mg Tablet Extended-Release 24 Hour)	Maximum of 2 tablets per day
Actoplus Met XR (30mg-1000mg Tablet Extended-Release 24 Hour)	Maximum of 1 tablet per day
Actos (15mg Tablet)	Maximum of 3 tablets per day
Actos (30mg Tablet, 45mg Tablet)	Maximum of 1 tablet per day

Bold type = Brand name drug

Plain type = Generic drug

Drug Name	Quantity Limit
Acyclovir (5% Ointment)	Maximum of 1 tube (30 grams) per 30 days
Adalat CC (Tablet Extended-Release 24 Hour)	Maximum of 2 tablets per day
Adcirca (Tablet)	Maximum of 2 tablets per day
Adderall (20mg Tablet)	Maximum of 3 tablets per day
Adderall (5mg Tablet, 7.5mg Tablet)	Maximum of 2 tablets per day
Adderall XR (Capsule Extended-Release 24 Hour)	Maximum of 2 capsules per day
Adlyxin (Injection)	Maximum of 6 ml (2 pens) per 28 days
Adlyxin Starter Pack (Injection)	Maximum of 6 ml (1 kit) per 28 days
Advair Diskus (Aerosol Powder)	Maximum of 1 inhaler (60 blisters) per 30 days
Advair HFA (Aerosol)	Maximum of 1 inhaler (12 grams) per 30 days
Adzenys XR-ODT (Tablet Extended-Release Dispersible)	Maximum of 1 tablet per day
Aerospan (Aerosol Solution)	Maximum of 2 inhalers (17.8 grams) per 30 days
Afeditab CR (Tablet Extended-Release 24 Hour)	Maximum of 2 tablets per day
Aggrenox (Capsule Extended-Release 12 Hour)	Maximum of 2 capsules per day
Airduo Resplick 113/14 (Aerosol Powder)	Maximum of 1 inhaler per 30 days
Airduo Resplick 232/14 (Aerosol Powder)	Maximum of 1 inhaler per 30 days
Airduo Resplick 55/14 (Aerosol Powder)	Maximum of 1 inhaler per 30 days
Albenza (Tablet)	Maximum of 16 tablets per day
Alecensa (Capsule)	Maximum of 8 capsules per day
Alendronate Sodium (10mg Tablet, 40mg Tablet, 5mg Tablet)	Maximum of 1 tablet per day
Alendronate Sodium (35mg Tablet)	Maximum of 8 tablets per 28 days
Alendronate Sodium (70mg Tablet)	Maximum of 4 tablets per 28 days
Almotriptan Malate (Tablet)	Maximum of 12 tablets per 30 days
Alogliptin (Tablet)	Maximum of 1 tablet per day
Alogliptin/Metformin HCl (Tablet)	Maximum of 2 tablets per day
Alogliptin/Pioglitazone (Tablet)	Maximum of 1 tablet per day
Alora (Patch Twice Weekly)	Maximum of 8 patches per 28 days
Alprazolam (0.25mg Tablet Immediate-Release, 0.5mg Tablet Immediate-Release, 1mg Tablet Immediate-Release)	Maximum of 4 tablets per day
Alprazolam (2mg Tablet Immediate-Release)	Maximum of 5 tablets per day

Bold type = Brand name drug

Plain type = Generic drug

Drug Name	Quantity Limit
Alprazolam ER (0.5mg Tablet Extended-Release 24 Hour, 1mg Tablet Extended-Release 24 Hour)	Maximum of 1 tablet per day
Alprazolam ER (2mg Tablet Extended-Release 24 Hour)	Maximum of 5 tablets per day
Alprazolam ER (3mg Tablet Extended-Release 24 Hour)	Maximum of 3 tablets per day
Alprazolam Intensol (1mg/ml Concentrate)	Maximum of 10 ml per day
Alprazolam ODT (0.25mg Tablet Dispersible, 0.5mg Tablet Dispersible, 1mg Tablet Dispersible)	Maximum of 4 tablets per day
Alprazolam ODT (2mg Tablet Dispersible)	Maximum of 5 tablets per day
Altace (Capsule)	Maximum of 2 capsules per day
Altoprev (Tablet Extended-Release 24 Hour)	Maximum of 1 tablet per day
Alunbrig (Tablet)	Maximum of 6 tablets per day
Alvesco (160mcg/act Aerosol Solution)	Maximum of 2 inhalers (12.2 grams) per 30 days
Alvesco (80mcg/act Aerosol Solution)	Maximum of 1 inhaler (6.1 grams) per 30 days
Amaryl (1mg Tablet)	Maximum of 8 tablets per day
Amaryl (2mg Tablet)	Maximum of 4 tablets per day
Amaryl (4mg Tablet)	Maximum of 2 tablets per day
Ambien (Tablet)	Maximum of 90 days of use per year
Amerge (Tablet)	Maximum of 12 tablets per 30 days
Amitiza (Capsule)	Maximum of 2 capsules per day
Amlodipine Besylate/Atorvastatin Calcium (Tablet)	Maximum of 1 tablet per day
Amlodipine Besylate/Benazepril HCl (Capsule)	Maximum of 1 capsule per day
Amlodipine Besylate/Valsartan (Tablet)	Maximum of 1 tablet per day
Amlodipine/Olmesartan Medoxomil (Tablet)	Maximum of 1 tablet per day
Amlodipine/Valsartan/Hydrochlorothiazide (Tablet)	Maximum of 1 tablet per day
Amphetamine/Dextroamphetamine (10mg Capsule Extended-Release 24 Hour, 15mg Capsule Extended-Release 24 Hour, 20mg Capsule Extended-Release 24 Hour, 25mg Capsule Extended-Release 24 Hour, 30mg Capsule Extended-Release 24 Hour, 5mg Capsule Extended-Release 24 Hour)	Maximum of 2 capsules per day

Bold type = Brand name drug

Plain type = Generic drug

Drug Name	Quantity Limit
Amphetamine/Dextroamphetamine (10mg Tablet Immediate-Release, 12.5mg Tablet Immediate-Release, 15mg Tablet Immediate-Release, 30mg Tablet Immediate-Release, 5mg Tablet Immediate-Release, 7.5mg Tablet Immediate-Release)	Maximum of 2 tablets per day
Amphetamine/Dextroamphetamine (20mg Tablet Immediate-Release)	Maximum of 3 tablets per day
Ampyra (Tablet Extended-Release 12 Hour)	Maximum of 2 tablets per day
Androderm (Patch 24 Hour)	Maximum of 1 patch per day
Anoro Ellipta (Aerosol Powder)	Maximum of 1 inhaler (60 blisters) per 30 days
Apokyn (Injection)	Maximum of 3 ml per day
Apriso (Capsule Extended-Release 24 Hour)	Maximum of 4 capsules per day
Aptensio XR (Capsule Extended-Release 24 Hour)	Maximum of 1 capsule per day
Aptiom (200mg Tablet, 400mg Tablet)	Maximum of 1 tablet per day
Aptiom (600mg Tablet, 800mg Tablet)	Maximum of 2 tablets per day
Aptivus (100mg/ml Oral Solution)	Maximum of 15 ml per day
Aptivus (250mg Capsule)	Maximum of 6 capsules per day
Arcapta Neohaler (Capsule)	Maximum of 1 capsule per day
Aricept (10mg Tablet)	Maximum of 2 tablets per day
Aricept (23mg Tablet, 5mg Tablet)	Maximum of 1 tablet per day
Aripiprazole (Tablet)	Maximum of 1 tablet per day
Aripiprazole ODT (10mg Tablet Dispersible)	Maximum of 3 tablets per day
Aripiprazole ODT (15mg Tablet Dispersible)	Maximum of 2 tablets per day
Armodafinil (150mg Tablet, 200mg Tablet, 250mg Tablet)	Maximum of 1 tablet per day
Armodafinil (50mg Tablet)	Maximum of 2 tablets per day
Arnuity Ellipta (Aerosol Powder)	Maximum of 1 inhaler (30 blisters) per 30 days
Asacol HD (Tablet Delayed-Release)	Maximum of 6 tablets per day
Asmanex HFA (Aerosol)	Maximum of 1 inhaler (13 grams) per 30 days
Asmanex TwisThaler 120 Metered Doses (Aerosol Powder)	Maximum of 1 inhaler per 30 days
Asmanex TwisThaler 30 Metered Doses (110mcg/INH Aerosol Powder)	Maximum of 2 inhalers per 30 days
Asmanex TwisThaler 30 Metered Doses (220mcg/INH Aerosol Powder)	Maximum of 1 inhaler per 30 days
Asmanex TwisThaler 60 Metered Doses (Aerosol Powder)	Maximum of 1 inhaler per 30 days

Bold type = Brand name drug
