

HPshopping.com Employee Purchase Program

URS has negotiated an Employee Purchase Program (EPP) with Hewlett-Packard (HP) computers. This program provides URS employees with the opportunity to purchase HP and Compaq consumer products **as their personal property** at discounted prices via HPshopping.com. Currently, this program is available to U.S.-based employees only.

As an EPP customer, you can take advantage of exclusive deals and discounts (typically up to a 15 - 20% discount) on wide selections of new and refurbished products from HPshopping.com. You also may take advantage of national mail-in and instant rebates offered in the program.

Conditions

- This program is between you, the employee, and HP. You must use a personal credit card for all purchases made through hpshopping.com.
- URS Corporation has no part in the transaction, nor any financial obligation as a result of the transaction.
- Support for equipment purchased through this site is through the HP support organization as outlined on the Web site.
- This site should not be used to purchase any URS assets, nor should it be used to bypass the IT P&P for requesting computer resources.
- Local IT coordinators or Regional IT Managers are not the support function for equipment purchased through this site.
