CYBER LIABILITY INSURANCE

www.cybersecuremercerc.com

MANY OF YOUR MEMBERS CONDUCT BUSINESS, SHOP FOR THEIR BUSINESSES, AND BANK ONLINE, CREATING INCREASED RISK OF CYBER LIABILITY. PROVIDE THEM PEACE OF MIND BY OFFERING CYBER LIABILITY INSURANCE.

CYBER LIABILITY RISK,

Cyber liability is the risk posed by conducting business over the internet, over other networks, or using electronic storage technology. Cyber Liability insurance is designed to mitigate losses from a variety of cyber incidents:

- Data breaches
- Network damage, including third-party lawsuits due to loss of privacy

Primary cyber exposures include personally identifiable information (PII), retained data, credit card theft, and business identity information claims. Attacks on your members' computers that aren't protected can result in the theft of PII and other information.

THE SOLUTION

Cyber Liability insurance covers these incidents and more. Through a partnership with Edgewater Holdings, LTD, Mercer Consumer has developed an integrated insurance and risk management program for cyber liability. The program offers access to human resources- and data management-related services which provides superior products and services through a simplified process.

Provide your members security and peace of mind as they conduct business online with Cyber Liability insurance.

WHO IT'S FOR:

- Small business owners with a website
- Businesses that store data for their clients
