Group Hospital Indemnity

INSURANCE PLAN 1

Even a small trip to the hospital can have a major impact on your finances.

Here’s a way to help make your visit a little more affordable.
The plan that can help cover expenses and protect your savings.

Does your major medical insurance cover all of your bills?

Even a minor trip to the hospital can present you with unexpected expenses and medical bills. And though you may have major medical insurance, your plan may only pay a portion of what your entire stay entails.

**That’s how the Aflac group supplemental hospital indemnity insurance plan can help.**

It provides financial assistance to enhance your current coverage. So you can avoid dipping into savings, or having to borrow to cover out-of-pocket-expenses health insurance was never intended to cover. Like transportation and meals for family members, help with child care or time away for work, for instance.

In addition to providing you with cash benefits (unless otherwise assigned) during a covered hospitalization, Aflac’s group supplemental hospital indemnity plan has been designed with much more in mind, such as:

- No deductibles.
- No networks, which means you can be treated at the hospital of your choice.
- No precertification.

Understanding the facts can help you decide if the Aflac group Supplemental Hospital Indemnity plan makes sense for you.
