AFLAC GROUP DENTAL INSURANCE

BASIC PLAN

Policy Series CA1100

Developed to help keep one of your most vital assets healthy for life.

A smile is a beautiful thing. It means warmth and friendship in almost every culture and language around the world. And it says great things about you, too. That's just one reason why taking care of your teeth is so important.

It's also why the Aflac group Dental plan was developed.

In addition to giving you a shiny-white smile, regular dental exams help stave off cavities, fight gum disease, and help you avoid other health issues.

In fact, the American Heart Association published a statement in April 2012 supporting an association between gum disease and heart disease. So, you can see why good oral hygiene can play a part in your overall health down the road. Of course, there are some other important reasons why our plan might be good for you, too:

- There are no networks, so you can go to any dentist you choose.
- There are no precertification requirements.
- There's no annual deductible.
- Aflac pays benefits regardless of any other plan.

What you need, when you need it.

Group dental insurance pays cash benefits that you can use any way you see fit.

Here's why the Aflac group Dental plan may be right for you.

For more than 60 years, Aflac has been dedicated to helping provide individuals and families peace of mind and financial security when they've needed it most. Our group Dental plan is just another innovative way to help make sure you're well protected under our wing.

But it doesn't stop there. Having group Dental insurance from Aflac means that you could have added financial resources to help with routine dental care.

The Aflac group Dental plan benefits include the following for routine care:

- Cleanings and Preventive Care
- X-rays
- Sealants
- Root Canals
- Crowns and Major Services
- Major Prosthetic Services
- Optional Orthodontia Services

Features:

- Coverage is guaranteed-issue (which means you may qualify for coverage without having to answer health questions).
- Benefits are paid directly to you, unless otherwise assigned.
- Coverage is available for you, your spouse, and dependent children.
- Fast claims payment. Most claims are processed in about four business days.
